

BATEEN
WORLD ACADEMY

**EMPOWERING THE NEXT
GENERATION TO SHAPE
OUR FUTURE**

MESSAGE FROM THE PRINCIPAL

Welcome to Bateen World Academy (BWA) and our thriving school community!

At BWA, we pride ourselves on offering a strong, varied educational program that challenges students to excel in their learning as they grow and develop as creative, committed people of character.

Our extensive program offers opportunities for students to engage in a wide variety of opportunities that help to nourish individual potential and inspire each to do their best.

The curriculum is based on an adapted English National Curriculum and progresses through the International Baccalaureate Primary Years Program (PYP) in Primary School, through I/GCSE in Middle School and culminates with the International Baccalaureate Diploma Program (IB DP) in Senior School.

Bateen World Academy nurtures excellence and balance. Students benefit from an international education that is tailored to their needs and teachers always ensure there is lots of personal attention. The goal of education at Bateen World Academy is to create young men and women who are capable of doing new things, not simply repeating what other generations have done. Students are creative, inventive and discoverers.

– Bateen World Academy Parent –

In addition to the regular academic programme, BWA also provides opportunities for students to participate in a variety of clubs and extra-curricular activities to extend and enrich a wide variety of student interests in fun ways. Opportunities exist for students to join a variety of sports teams, participate in music or drama, engage in cultural activities, as well as participate in a number of other great clubs.

All the clubs and extra-curricular activities allow students to learn new skills or develop existing ones.

Thank you for considering Bateen World Academy. The best way to get to know us is to visit us.

We invite you to come to our campus or join one of our tours and explore all that we have to offer.

We look forward to seeing you at BWA soon!

THE CURRICULUM

IB Primary Years Programme (PYP)

A unique transdisciplinary, inquiry based approach to learning.

The PYP nurtures and develops young students as caring, active participants in a lifelong journey of learning.

Guided by six transdisciplinary themes of global significance, students deepen their learning by developing their conceptual understandings: strengthening their knowledge and skills across and beyond subject areas.

Through the inquiry-led, transdisciplinary framework, the PYP challenges students to think for themselves and take responsibility for their learning as they explore local and global issues and opportunities in real life contexts.

I/GCSE's

From year 7, students study the English National Curriculum with an international dimension along with the Ministry of Education subjects.

In years 10 and 11 students will study the I/GCSE's (General Certificate of Secondary Education).

IB DP

The best pre-university programme – including EE, TOK and CAS. Welcomed by all leading universities worldwide. International research shows that there are many benefits to choosing the IB DP over other 16-19 curricula.

For example: IB DP students are better able than their peers to cope with demanding workloads, manage their time and meet the expectations placed on them. Analysis of IB DP students in Canada, the UK and the USA found that the IB DP's extended essay improves students' approach to learning in higher education.
