I have over 20 years of experience teaching and in leadership roles, both in the public and private sectors.

In my spare time, I enjoy spending time with my family, exploring the outdoors seeking the best beaches and camping spots across the country. I am extremely excited to be joining the Bateen community and look forward to working with students, staff and parents to create a positive and productive learning environment.

Vanessa Kennan

I am delighted to have the opportunity to lead this wonderful primary school and support teachers in implementing inquiry based learning for our children. Originally from Dublin Ireland, it has been my privilege to live in the UAE for the past 23 years with my husband and three children. I graduated from Trinity College Dublin, Ireland with a BA in Classical Civilization and Theatre Studies and hold an MA in International Education from University of Bath, UK. Currently I am undertaking a Doctorate in Education.

Over the past fifteen years I have held various roles in IB schools including Deputy Head of Primary and Early Years and PYP Coordinator. Part of this work included leading teams through IB evaluations and ADEK inspections. I am certified as a Concept Based Curriculum and Instruction Trainer and both a CIS and NEASC accreditation evaluator. This allows me to participate in school visits to support their development. I really enjoy working with schools who are committed to a progressive education and I am very happy to work with Neal and the rest of the team to ensure our children have the best possible education.

Penny Andrianou

I have been at Bateen World Academy since August 2013 have had the greatest privilege in leading and developing the Drama Department for the last nine years and being a member of the Extended Leadership Team.

I have always valued the importance of being a lifelong learner and developing my knowledge and skills within the field of education. This then led me to complete a Masters (MA) in 'Leading Innovation and Change,' and the National Qualification of Senior Leaders (NPQSL).

I have always had a passion for teaching and learning and strive to provide students with innovative and challenging learning experiences, that develop students' individual strengths and passions, enabling them to continuously grow and learn. I believe that this an exciting time for education and an opportunity to embrace the rapid changes in technology. I aim to provide students with the necessary skills and knowledge to able them to navigate their way through an ever-changing technological world.

I believe in the importance of a collaborative working environment, where we share a common goal in supporting all students to recognise that they have the potential to achieve the very best. Thus, enabling students to make connections to the real world and grow to become well-rounded and open-minded international citizens of the 21st century.

Sean Clarke
Director of
Assessment & Data

A very warm welcome to Bateen World Academy, we are delighted to have you on board and a part of our thriving school community! I have now been a member of staff at Bateen World Academy for nine years and have thoroughly enjoyed every minute at the school. Prior to living and working in the UAE, I worked as a PE teacher in the North East of England. I am an advocate for movement and exercise and believe it can positively transform lives. I also believe that student well-being should be tied appropriately to a well-balanced curriculum and students should be encouraged to pursue their passions alongside their academics.

I am currently the Director of Assessment in the school. The purpose of assessment is to gather information about student performance or progress, and to make judgements about the learning process. As a school, we are always searching for innovation in this area to support the very best teaching and learning. I believe a collaborative working environment is essential to improving standards in all areas of the school.

I have recently completed the National Professional Qualification for Senior Leaders (NPQSL) and believe it is vital as an educator to role model lifelong learning and to stay abreast of educational changes and reform. I am hoping to complete the National Professional Qualification for Headteachers (NPQH) in the very near future.

I worked in many prestigious schools in the UAE and joining Bateen World Academy since its establishment in 2011 had a great impact on refining my professional career.

From being an elementary teacher, to teaching secondary classes and heading the Arabic language department for native speakers, to joining the Senior School Team. I have a great passion to advance the Arabic language for all our children, deepen its impact, inspire its love, and make it a source of pride for them to cherish and strive to carry its message. Bring Your Own Device

In order to support learning whilst adhering to the latest health and safety guidelines, we would like to invite all students from Year 3 to Year 13 to “Bring your own device” (BYOD).

BYOD will ensure students are building on their increasing independence, whilst having access to their work anytime, anywhere. The innovative teaching and learning methods will be able to be transferred back to the physical classroom and ensure students continue to be able to express and engage in learning in diverse ways.

The use of devices in school will be carefully planned and monitored by staff and used to enhance the learning experience. Bateen World Academy operates a secure and closed network and the full details of safe use can be found when agreeing to the terms and conditions as part of the BYOD Policy. All students from Year 3 to Year 13 will be trained at an age appropriate level how to integrate technology into their everyday learning.

It is essential to emphasise that your child’s learning is the key focus around this initiative and there will still be a huge focus on active learning where possible as well as speaking, listening, writing and drawing and that devices will be used mainly as a tool to access resources and record learning. Students will continue to learn away from their device and our highly skilled teaching staff will plan lessons very carefully to allow for this.

Bateen World Academy will be an Apple Distinguished School soon, so it is advised to buy latest apple device for better battery life, faster processing power and longevity.
